## **Guided Notes**

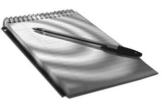

As we read *Dandelion Wine*, you will be required to take notes in the spaces below. Include details about the characters, the events, and the themes. Also, include definitions of vocabulary words.

This will be graded at the end of the quarter.

We will take notes individually and as a class (depending on the lesson)

If you're missing notes, you will need to work with a fellow classmate outside of class.

These notes will help you *understand* the novel! (Don't lose these pages!)
