

Let's get started...

Tell us what you think about “The First Amendment.”

1. Is freedom of speech important to *you*, personally?
 - Why or why not?
2. In your opinion, should our freedom of speech be limited, somewhat limited, or even unlimited?
 - Why?
3. In your estimation, which First Amendment component is the most important: freedom of religion, freedom of speech, freedom of the press, freedom of assembly, or the Right to petition the government?
 - Or, are these components equally important?
4. What would your life be like without “The First Amendment?”
